

New and Stylish Creations. In Ladies' Headwear

Miss Killeen has just received a large shipment of LADIES' MILLINERY fresh from the leading fashion centers of the United States. This shipment includes all the newest and most fashionable shapes and trimmings which Dame Fashion has decreed to be worn this season by those who wish to be well dressed.

It is hard to quote prices, because the price of a hat depends largely upon the trimmings, but you may rest assured that Miss Killeen's prices are reasonable. In fact, you can save money and be better dressed by purchasing at this store.

Dress Making Department

This department is in charge of a competent fitter, assisted by first-class dress-makers, who turn out the most stylish street costumes, walking skirts, and evening dresses that are made in Honolulu.

Any woman can be properly fitted. After all, good fitting is just as important as good material.

Hair Dressing and Manicuring

No woman is well dressed unless her coiffure has been properly attended to. The hairdresser is an artist in her profession and has all the latest ideas in hairdressing.

Manicuring is an equally important part of a woman's toilet. Come to Miss Killeen's when you want manicuring properly done.

LABOR FROM PORTO RICO

Four Hundred En Route
To Hawaii.

TEN THOUSAND TO COME

Unfortunate Islanders Leaving a
Country Where They Have
Suffered.

NEW ORLEANS, Jan. 2.—A special says: The steamship Arkadia of the New York and New Orleans Porto Rico Steamship line will reach this port tomorrow morning, having passed quarantine at the mouth of the river. A dispatch to the Times-Democrat from its correspondent at the jetty says:

A sorrowful looking set are the 387 immigrants from Porto Rico on board the Arkadia. All are suffering from extreme anaemia due to want of food. They came from the interior of the island, where thousands are now in a destitute condition. There were three deaths on the voyage, but none from contagious or infectious disease.

It was a pitiful sight to witness these poor creatures line up on deck to pass muster and inspection by Drs. Thomas and Ahy. The cold affected them greatly. It is reported that 10,000 are to be transported to the Sandwich Islands to work on the sugar plantations, but from the physical condition of these it will take months of good feeding to prepare them for work. One able-bodied cornfield negro could easily do the work of ten of these Porto Ricans. These latter are the words of the quarantine physician, Dr. Thomas.

For three days C. Wolters of San Francisco has been in New Orleans awaiting the arrival of the immigrants. He is a representative of the Hawaiian Sugar Planters' Association and of the people who are transporting the natives of Porto Rico to the distant plantations of Honolulu. Wolters admitted that he would chaperon the immigrants. He refused to discuss the matter, but was fierce in his denunciation of the San Francisco papers, which had, he said, done all in their power to kill the slave business.

NEW ORLEANS, Jan. 1.—On January 4th the steamship Arkadia of the New Orleans-Porto Rican line will arrive here with 400 Porto Ricans bound for the Hawaiian Islands. Of that number 200 will be men, 100 women and 100 children of different ages. C. Wolters, an agent of the Hawaiian sugar planters, arrived in this city from San Francisco tonight. He will meet the Arkadia and her passengers at this port and accompany them to the Pacific. He explained his presence by saying that some of the San Francisco papers had done all in their power to kill the business and to create dissatisfaction and rebellion among the first lot of Porto Ricans.

He said: "They told those poor ignorant people that they were being sold into slavery to Chinese, to be ruled and governed by them. I came on to New Orleans to accompany the people to San Francisco and to see that they are all right."

"You consider the change a good one?"

"I do, indeed. In Porto Rico these natives receive only 38 cents a day, and they must furnish everything—their homes, their food, medical attendance and everything. In Hawaii they will receive \$15, \$16 and \$17 per month, respectively, for the first three years, at the expiration of which time they will receive a bonus."

"How do the two countries compare?"

"I have been in both and I know the conditions. These Porto Ricans should thank their lucky stars that they can get to a country like Hawaii. Porto Rico is crowded and in many of the districts gaunt famine stalks abroad. What they need is a thinning out and making room for those to live who are left behind. It is a Godsend that some can get away, and to a country like Hawaii, where labor is needed and in great demand."

READY NEXT WEEK.

The Wireless Telegraphy to be Completed Then.

The wireless telegraphy station at Makena, Maui, is now being moved to a position nearer the sea. It will be completed by the end of the week, and with its completion the entire system will be ready for successful operation.

At the meeting of the Inter-Island Telegraph Company in the Stock Exchange rooms, Wednesday afternoon, Manager Cross reported all stations between Oahu and Hawaii ready for business.

The question of assessments brought up considerable discussion. Delinquent stock had not been sold on account of the lack of confidence in the enterprise existing because of delays. Since Expert Gray has arrived and demonstrated the practicability of the system, success has been assured, and the work draws to its close very hopefully.

The establishing of a station on Maui, at Lahaina, to be in direct communication with the business center of Maui was also discussed, particularly favorable because of the poor telephone system to Makena point. The advisability of extending the system to Kauai was discussed fully. Expert Gray is very desirous that this be done. The matters in question were left to the decision of the new board of directors.

W. R. Castle was elected to fill the vacancy left by Colonel Fisher's retirement. Other officers were elected with R. D. Shuman, J. A. Magoon and O. G. Traphagen as directors.

Operators are now completing their training, and as soon as they have been accepted by experts the system will be put in operation.

When cold and damp after exposure to the elements, use promptly the famous old Jesse Moore Whiskey. Lovejoy & Co., distributors for the Islands.
